

ABSTRACT

*Church of Santa Maria designated as the Cathedral as there are Cathedra (Bishop Throne). Over time, the number in the parish of Santa Maria continues to grow. Until now, the church building was 59 years old and already inadequate to support the religious activities of Catholics in the parish of Santa Maria. Therefore, it is necessary to design and redesign the Cathedral Complex that equipped with chambers supporting activities. In addition, forward planning, necessary to expand the site for adequate arrangement of parking space, so that the Church of Santa Maria can be the center of spiritual activities, and reduce the level of traffic jam that disturb the activities of the surrounding people. With the theme of “**Simplicity and Majesty of The Most High**”, and use the Neo-Gothic style, the cathedral is expected able to accommodate all spiritual activities, both in the parish until the Archdiocese of Palembang level.*
