

## **ABSTRACT**

*Indonesia is an archipelago of five islands, namely the island of Sumatra, Java, Borneo, Sulawesi and New Guinea and several other small islands totaling 17,504 pieces, 7870 of which already have names, while the 9634 does not have a name. The number of islands in Indonesia led to ethnic and cultural diversity includes the pattern of life and customs of the people of their respective areas throughout Indonesia.*

*Locations were taken Musi Riverside because of the Musi River is a tourist destination city of Palembang. Visitors can enjoy fine dining to enjoy the view presented in the form of the Musi river and the bridge's iconic city of Palembang is "Food Center archipelago Musi Riverside".*

*Keywords: food center, riverside, Indonesia*
