

ABSTRACT

UNSRI STUDENT APARTMENTS IN INDRALAYA

UNSRI student apartments in Indralaya is a place of residence for students and prospective students who come from out of town or in the city to live and also facilities that support the education of universities UNSRI Indralaya. UNSRI student apartments in Indralaya consists of several facilities, namely living room as a residence and other supporting facilities as a requirement in the activities such as: food court, clinic, library, sports facilities, and musholla. All these facilities are accommodated in two building masses. The development of UNSRI student apartments in Indralaya is also a step from the questionnaire that has been distributed to the students of UNSRI Indralaya. Based on the results of the questionnaires from 43 respondents obtained 31 new project respondents to accommodate the students who need a place to live near the campus area. The theme applied to the design of student apartments UNSRI in Indralaya is "Level". This theme is taken because of the philosophy that can be used to increase the level like school education into college. This theme is embodied in the form of a contemporary building with a green architecture approach.
