MOTTO AND DEDICATION PAGE

.

Motto:

"Tawakkal is believing that Allah's plan is always better than our worries."

"And whoever puts their trust in Allah, then He alone is sufficient for them."
(Qur'an, Surah At-Talaq 65:3)

This undergraduate thesis is dedicated to:

1. First and foremost, to Allah SWT, the Most Gracious and the Most Merciful. All praise belongs to Allah for His endless blessings, guidance, strength, and mercy throughout every step of this journey. Without His will and grace, this thesis would not have been possible.
2. To my beloved parents, thank you for your endless love, unwavering prayers, countless sacrifices, patience, and unconditional support throughout every stage of my life. Your belief in me has been my greatest source of strength and motivation.
3. To my beloved siblings, Arief, Pandu, and Aisyah, thank you for your love, encouragement, laugher, and constant support. Your presence has made every difficult moment easier to overcome.
4. To my respected thesis supervisor, Mrs. Ronauli Hasibuan, M,Pd., with my deepest respect and sincere gratitude, I would like to express my heartfelt appreciation for your invaluable guidance, endless patience, unwavering encouragement, and thoughtful advice throughout the completion of this undergraduate thesis. Your expertise, constructive feedback, and dedication have not only enriched this research but have also inspired me to grow academically and personally. Thank you for believing in my potential, encouraging me through every challenge, and continuously motivating me to become a better learner and future educator.
5. To my beloved classmates of the English Education Program, Class of 2022, thank you for the wonderful memories, teamwork, friendship, and

unforgettable moments we have shared throughout our academic journey. Growing, learning, and overcoming challenges together has been one of the greatest blessings of my university life. I sincerely wish each of you success, happiness, and a bright future ahead.

6. To my self thank you for surviving every difficult day that brought you this moment. Thank you for staying when you felt tired, and for choosing to move forward even when you were not sure where the journey would take you. This journey was never as easy as it may look from the outside. There were countless revisions, sleepless night, doubts, tears, pressure, and moments when giving up seemed much easier than continuing. There were days when you questioned yourself and wondered whether you were truly capable of finishing what you had started. But somehow, you kept going. You learned to be patient with yourself. You learned that progress does not always have to be fast, and that taking a break does not mean giving up. You learned to trust the process, even when the process was difficult and the result was still uncertain. Today, I want you to look back at everything you have been through and realize how far you have come. This thesis is not merely a collection of pages, research, and revisions. It is reminder of every struggle you overcame, ever tear you wiped away, every prayer you whisped, and every time you chose to try again.
